SUMMARY

The Texas Off-Highway Vehicles (OHV) Program was created by the Texas Legislature in the 2005 session and the program become effective on January 1, 2006. The OHV Program was established to help create legal and safer places to ride and to encourage the safe and responsible use of OHVs on the lands of Texas. The program is also designed to provide funding to develop more recreational areas for OHV users.

DESCRIPTION

Revenue generated by the sale of the decals will be used as grant monies to help municipalities, counties, state or federal agencies and non-profit corporations to create new or improve existing OHV recreation areas in Texas.
