

# Lemonade Protection Act

HB 3 - SB 38

## Bill Analysis

### AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Concerns have been raised regarding local regulation of the sale of lemonade or other beverages by children and the effect such regulation may have on preventing children from becoming entrepreneurs. This bill seeks to address these concerns by prohibiting the adoption or enforcement of certain local ordinances, orders, or rules relating to operating certain businesses, such as a lemonade stand.

The committee substitute assures homeowners' associations that they are not liable for injuries to persons participating in these beverage sales. It also clarifies that homeowners' associations may not prohibit sales by residents, but they may still restrict beverage sales by non-residents.

This bill amends current law relating to the local regulation of the sale of lemonade or other beverages by children.

### RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
